Medical equipment for licenced establishments (MDEL)

MedSup Canada is a local, supportive and responsible company.

All our efforts are currently being made to contribute to the fight against the Covid-19 coronavirus pandemic.

We offer a range of Class 1 personal protective equipment to licenced establishments and licenced resellers (MDEL) for your clients.

Our products are safe, efficient, available and affordable. This medical supply meets the highest health and efficiency standards approved by Health Canada.

In the face of the pandemic, our products are available primarily to hospitals and licenced establishments (MDEL). These products are restricted with minimum advertised prices and suggested retail prices.

With a large inventory on Canadian soil and a dedicated logistic delivery team, we guarantee you a professional, fast service and the most accessible fare despite the current high demand.

- Surgical mask
- N95 respirator mask
- Medical glove
- Protective visor
